

IDM Products, LLC is a national supply chain and manufacturing company based in Dallas, Texas. We specialize in procurement, manufacturing, asset tracking, distribution, logistics, warehousing, sustainable packaging, and strategic sourcing. Our state-of-the-art manufacturing facility is home to our exclusive line of EPA-registered Easy Pro Wipes, which includes industrial, disinfectant, isopropyl, pet, and dry wipes. We are also distributors of JanSan, MRO, maintenance products, office supplies, healthcare products, foodservice disposables, and various types of furniture.

Serving as the extended purchasing arm for numerous organizations, we oversee the material flow in designated locations, which drives significant process efficiencies and cost savings for our clients. What truly distinguishes us, however, is our capacity to craft unique, innovative value-added solutions that not only fulfill but surpass the requirements of an ever-changing market. Our laser-focused approach is sharply attuned to our clients' needs, enabling us to create tailored solutions to tackle their most pressing challenges.
