About LFP Logistics

LFP Logistics is a Dallas, Texas-based, full-service, multi-modal logistics company. Our goal is to centralize logistics, manufacturing, and supply chain into one hub of services for our customers.

We Make it Easy for Shippers
Fast and easy Transportation Management System (TMS) for the simple to the most complex supply chains

A True Strategic Partner
Collaborate to find the most efficient, cost effective and timely way to ship

Supply Chain Management
Limited access/final mile delivery

Managed Transportation
Shipment planning and execution

Asset-Based Partners

We have well-established relationships with highly qualified asset-based partners (ABP) to service your business' needs.

Benefits of using our ABP include:

- We'll locate the appropriate logistics solution based on your volume and load site needs.
- We're knowledgeable and will serve as your primary account point of contact to ensure proactive communication.
- We're your single logistics relationship to provide large quantities of capacity in a variety of services and vehicles.

Brokerage

LFP Logistics can also source broker partners for last-minute or irregular loads. Let us be of service to you if you need to ship through low-volume or seasonal lanes; we can find transportation assets for you.

We can help with the following:

- Checking drop trailer availability
- Monitoring peak season surges
- Offering 3PL services
- Managing safety rating, insurance standards

Service & Capabilities

LFP Logistics encompasses all the technology and conveniences to make our services more efficient for customers and carriers. With real-time updates including financials, freight coverage, appointment scheduling and more, our team can manage your business' needs, so you can get back to operating your business.

Warehousing

LFP Logistics is here to service your operation by providing secure warehouse solutions that include the best-in-class technology and warehouse management tools. Our capacity of warehouse facilities and logistics expertise can help streamline your shipping, decrease supply chain inefficiencies and provide you the end-to-end visibility you need to move your business forward.

Dedicated

We can provide a logistics solution to meet all your needs. We work consultatively with you to understand the unique demands of your business and effectively deliver the best customer service for you.
