

## IDM Pallet

Engineered to transport mobile carts or containers

## FEATURES

- Patented stackable pallet design to minimize damage during shipment.
- Constructed of durable rotomolded plastic.
- 4-way fork entry.
- Wide caster troughs allow for use with various cart sizes.
- Reinforced metal caster entry ramps.
- Resin is 100% recoverable & reusable.
- Designed to stack carts on top of one another to free up floor space.
- Caster positioners are designed to hold cart in place.
- Retaining pin drops into front of pallet to prevent cart from rolling off.
