50 fl oz (1479ml)

THIS ECO BOTTLE IS:

- RECYCLABLE
- WATER RESISTANT

MADE IN THE USA

ABOUT THE PACKAGING

Fully recyclable. Outer shell is made from 100% post-consumer reclaimed fiber, recyclable in paper stream. Inner liner uses up to 70% less plastic than the average rigid bottle, recyclable in plastic stream.

HOW TO RECYCLE

Join the recycling process!
Help components get to the right recycling stream by following the steps below:

- Remove the neck tape at the neck of the bottle
- Insert thumbs into the side seams of the bottle to separate the shells
- Remove and rinse the liner

Recycle the components into respective streams (varies by state)
